2022 NACA Convention Education Session Preview

Welcome to all of our members and partners as we open up registration for the 2022 NACA Convention. We are excited at the hard work that has taken place by our board of directors and some great volunteers since the convention last January. The Education Committee began early by reviewing statistics from our last convention and member input we received, and developed an exciting educational package for the upcoming convention.

Continued

While NACA remains the National Association for Catastrophe Adjusters, we realize that the opportunities surrounding a catastrophe expand beyond just property claims. Catastrophes include floods, damage to automobiles, and more. The Education Committee decided to open our educational opportunities to all areas of the industry that are affected by natural disasters.

In addition to our property track, we have three days of educational sessions dedicated to flood adjusting and three days focusing on auto adjusting and appraisal. We have also expanded our carrier certification opportunities and have great sessions in software training in both property and auto. Our list of presenters has a broad wealth of knowledge and experience in their respective arenas and will surely provide attendees with insights to help grow the industry with qualified catastrophe adjusters.

As usual, many of our sessions have CE credits available, and class sizes are limited. So please take the opportunity to join NACA in Las Vegas to enhance your career with great networking, education and fun. Register today and sign up for the classes that interest you most.

On behalf of the NACA Education Committee and its great team of volunteers, Viva Las Vegas!

James and Matt discuss the finer details of what to pack - and WHY - for a cat deployment. ..And why Matt has so many pairs of underwear.

BENEFITS OF TRAINING

THE COST OF TRAINING VS. THE COST OF NOT BEING TRAINED

As we inch closer to what has all the makings of an active hurricane season, I see a repetition that I see every year. Many adjusters are just waiting to get that call. Waiting to get out and make some good money. As an Industry Trainer for the last 13 years, I hear the same song year after year. "I don't need any training; I have been doing this now for years." Or "I haven't worked since last hurricane season. I can't afford the cost of training." But there are those adjusters out there that get it. They understand the value of quality training and how it can improve their productivity, and greatly improve their bottom line.

TOOLS OF THE TRADE FOR NEW ADJUSTERS:

WHY BULLYBAG®?

You might be wondering why we call it a "BullyBag®". At BullyBag® & Tool Company, we believe it's important to invest time, money, and effort to make the world a better place. That's why a percentage of every BullyBag® purchase goes to anti-bullying and animal rescue efforts.

Bullies suck! BullyBags rock! So don't suck. Get involved. Here at BB&TC we encourage you to contribute whatever you can in programs you believe make the world a better place for us all. Below are a few of the anti-bullying and animal rescue campaigns we believe in and have contributed.

THE MOST COMFORTABLE STEEL TOE BOOTS FOR STANDING ALL DAY

JULY 2, 2021 BY VERONICA JAMES

“Good boots take you good places,” that old Cavender’s adage might have been intended to be taken literally by whoever thought of it. But come to think of it, it can be taken figuratively, too. After all, aren’t boots also able to extend their transportive powers to a more mental, pleasure-oriented level? Especially those that fit to a T and impart heavenly comfort.

who we are

NACA® is a nonprofit 501(c)(6) organization that was organized in 1976 by a group of highly qualified catastrophe adjusters. The association is dedicated to improving professional standards, ensuring working relations with one another and promoting the general welfare of the individual members. Headquarters is in Fort Worth, TX.

our mission

To provide a professional organization focused on excellence through education, shared resources, and technology for claims adjusters.

our vision

Committed to providing opportunities and resources to further advance claims professionals.

Why Join NACA?

NACA is looking to expand our membership so that we can better service both the adjuster and the firms in our network. To add that value for all, we are looking for both new adjusters and veteran adjusters to become members.
